Election/Restrictions

Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1 and 5-12, drawn to a first product, an isolated and purified DNA sequence encoding a *Zea mays* zmet2a methyltransferase, a recombinant expression cassette comprising said DNA sequence, a bacterial cell, transgenic plant, or seed comprising said cassette.

Group II, claim(s) 2 and 4, drawn to a second product, isolated and purified proteins.

Group III, claim(s) 3 and 5-21, drawn to a third product, an isolated and purified DNA sequence which encodes a *Zea mays* zmet2b methyltransferase, a recombinant expression cassette comprising said DNA sequence, a bacterial cell, transgenic plant, or seed comprising said cassette.

Claims 5-12 will be examined to the extent that they read on the elected invention.

2. The inventions listed as Groups I-III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons: The DNA sequences of Groups I and III are not shared with each other, nor are they shared with the proteins of Group II. The proteins of Group II are not shared with the DNA sequences, expression cassettes, bacterial cells, plants and seeds of the other groups. Further, the amino acid and nucleotide sequences of all of the groups can be produced by alternative means, such as chemical synthesis.

Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
